Hi Parents, **Keep Your Distance.....Wear a Face Covering...Wash Hands Regularly.**

Update on our safety restrictions- still going really well with the vast amount of parents wearing their face coverings or showing their 'exempt' lanyards. Thank You.

However, a couple more concerns from parents about those parents that don't Social Distance outside our gates. This is really frustrating. Please be sensible. If we are ever to beat this virus then every single one of us has to do our bit.

Reminder:- any parent who is concerned/ anxious about any lack of social distancing can of course request to enter 'privately' by the front door....please let me know. We are determined to support all our families' needs. Remember, we are all in this together.

Sadly, I hear there are those adults with the bizarre view which implies that if their family nor anyone they know hasn't been effected by the Virus, they don't see the urgency about the situation. If this view is repeated all over our Nation then no wonder infection rates are going up!

Our Public Health link has confirmed that the Younger Age Group of 16-29 now have the highest rate of infection locally as well as Nationwide.

Remember Government Guidelines:-: Keep Your Distance....Wear a Face Covering...Wash Your Hands Regularly.
