Hi Parents.... As promised, I today send you some more examples of how well our kids are doing at school. Today this includes just a couple of examples of our class assemblies - please notice:- the creative skills, dance, music, the variety of subject areas- History, PE, RE... although we are not yet allowed to sing in small spaces one class used sign language to 'sing'.

It's not the same without our usual parent audience, but by sending out these short films I hope parents still feel involved, are obviously still proud of their children's efforts and that you feel you are kept aware of what's happening.

More photos/ films to follow over the next few weeks.
