

Parent Message

Hi Parents...Keep Safe.

As promised, I will continue to send you updates about our return in September.

A vital part of that is that you all feel you have had opportunity to contribute to our Risk Assessments.

Thank you to those several parents who have shared their particular need or concern.

These are working documents....they are being reviewed continually.

I also send you a couple more photos of how our school is looking in readiness for our great kids returning in September. (See attachments)

Here is the link: click on to the blue bar at the top which shows '**Covid-19 Risk Assessment and Policies**' <http://www.standrews.hull.sch.uk/school-policies/>

We are in this together...we will pull through together.

Regards,

Graham Huckstep
