

# Parent Message

Hi Parents.. Keep Safe

It seems our consultation is showing how much parents appreciate the difficulties of reopening the Whole School, how much the risks can increase if we don't all play our part and how parents can also play their part in helping children to be ready to return to school by making sure their own children fully understand the importance of good hygiene habits - especially hand washing, social distancing and 'Catch it, bin it, kill it' AND keep encouraging their children with the home learning on basic skills. (See below)

Our Twitter account gives daily photos/ messages about our preparations and images of how our school is looking to show our children to help with their confidence.-

Reminder: In September we are returning to 'proper' schooling. The Summer homework/projects/ basic skills non negotiables must please be followed ( links available on our website under '**Learning from Home**' click on '**Summer Homework 2020**'. ) We aim to have every child ready on our return to school for the task of 'catching up' after 22 weeks without schooling. Thankfully most parents are really tuned in to the important need for their kiddies to be ready. Well Done...please keep the reading, the writing and the number work going over the next few weeks.

—————00000—————

Next week ( Monday, Tuesday and Wednesday) you will be receiving 3 important emails confirming our first few days daily entry/ exit timetable and other arrangements - please remember that draft details of reopening are presently on our website under: [www.standrews.hull.sch.uk](http://www.standrews.hull.sch.uk) then click on to '**Parents**' then '**September 2020- Parent Consultation**'

Reasons to be Proud:- in tomorrow's (Saturday) Parent Message I have two special items to share with you...both, hopefully, will help build further confidence in preparing for September .

Regards, Graham Huckstep
